有「BEAR」而來－英文學習系統

Introduction

This project aims to facilitate English vocabulary learning and instant assessment. Traditional paper-based exams have been the norm in schools, but in recent years, there has been a global push towards paper conservation. "Online instant assessment" not only reduces paper usage but also eliminates the need for time-consuming grading. For students facing numerous English exams at school, this app offers the convenience of learning anytime, anywhere, without being restricted by location or time.
